Title: Regulatory Intelligence

1 PURPOSE

This Standard Operating Procedure (SOP) describes the process for monitoring, performing impact assessment of new and revised global regulatory changes, and implementing changes into the relevant GxP procedures at Netramind.

2 SCOPE

This procedure applies to monitoring and assessment of regulatory, guidance, or compliance-related information that may impact Netramind GxP-regulated activities, computerized systems, procedures, or operational processes.

Netramind may utilize external service providers, consultants, or industry resources to support regulatory intelligence activities where appropriate; however, Netramind remains responsible for evaluating the impact of applicable regulatory changes on its operations and quality system.
